Articles wanted for The Palos RC Crash
Chronicle

If there are any articles or information you would like to see published in your newsletter, please get a copy to Gene Drag (editor) 10 days after a club meeting. This will give adequate time to get it in the CC.

The April meeting was called to order at 7:30 PM. Stan Flynn read the minutes of the March meeting. Brian Zygadlo read the treasury report. The new Event Schedule for 2017 has been released. There were no new wings or Albatross awards. There was one new member, Alex Jan (AJ). Welcome to the Palos RC Club. There are 2 activities coming up in the near future. The annual Live Healthy, Discover Nature event presented by the FPCC at the Daley Plaza on June 13. and the Willow Springs parade on June 17. The safety fences should go up within two weeks, weather permitting. The Annual Air Show on June 4 needs a CD.

***** SHOW AND TELL *****

Ron Trujillo showed a completed Taurus.
Joe Felonk showed his rough finished A-5 Vigilante.
Chuck Junkroski did a "show and ask" about a Sopwith Pup/Camel he was refurbishing.
Judy Sheehan showed her flying hot dog.

Ernie Willingham brought a Stinger he is working on.
Bryan Gardner showed the Mustang he is working on.

*** Notice ***

From now on there will be zero tolerance for any physical altercation at the PRC airfield.

* * * * *

Various planes Pat Sleighter donated to the club were auctioned and all proceeds went into the PRC club treasury.

There were other aircraft parts, motors, and equipment donated by another flyer, Otto Pilot, that were auctioned also.

Prize Winners
Ernie Willingham won the glue.
Stan Flynn won the A-10 EP foamy.

Glider Contest 2017

Hey ...was that a lovely winch that I saw with you last night ???

Oh Wait ... the glider contest is coming up.

And of course ... at the contest site ... there will be our lovely club winch.

Also high starts, and curses... dare I say ... motor gliders.

Get your gliders and motor gliders ready for the BIG glider contest of 2017.

It is set for Sunday May 21 ... the week end BEFORE Memorial day.

This is not your usual paint drying contest but 4 exciting events to participate in... 4 ... count 'em ... 4 events.

The first and last event will be the DURATION Of course ... after all... this is a GLIDER contest ...

The 2 middle events will be at the choice of the pilot.

Again this year there will be a choice for you to select which course to fly ...

The pilot can fly the pylon course ... or ... do the spot landing.

You can choose to enter the exciting pylon event with its twists and turns to the exciting ending at the last pylon.

.... OR ...

You can chose the DEATH DEFYING spot landing.

The choice is yours ... BUT if your glider is unflyable after the spot landing, you are out for the day.

Don't forget that ALL events must be flown with the SAME glider.

So bring your favorite high start ... or even motor glider or tow plane glider and get in the event.

And of course we are on the launch one ... retrieve one routine for the high starts and winch... It's only fair ... use the high start/winch to get your plane airborne, then retrieve the hookring for the next pilot.

Check the Palos RC web site for glider event rules.

AND ...FINALLY ... of course the club's lovely winch will be in attendance !!!

May Birthdays

Brian	Beam	03
Herbert	Kilian	04
Don	Umphryes	05
