I will truly miss Ron as I really liked him a great deal. He was a grumpy guy you had to love as a club member. I think the club needs an annual Ron Hunstsha fun fly day because unless I am mistaken, he was club president at one time and an original member. Can you put this in the newsletter and see what the other members think? Or perhaps an annual missing man (like the armed forces do) fun fly to honor all our deceased club members.

In my personal opinion we have a great club with a lot of wise cracking and crazy fellow club members who each bring something to the table so to speak. My years with SAC were like that until it changed due to some of the original club members passing away and moving. I would like to see the next generation of club members take the reins and keep this club moving in the right direction of enjoying our shared love of the hobby/sport.
